

*we pray with and through Jesus on the altar?*

Having offered the gift of Jesus present on the altar back to the Father, we ask God that as we partake of the Body and Blood of Christ we may be gathered into the Holy Spirit. Confident that He loves and hears us, we offer petitions: for his Church and its leaders across the world to grow in love and unity; for those who have died to be welcomed into the light of His face; and for ourselves that through His mercy we may be strengthened to live in love and join Mary, the angels and saints in the fullness of His glory for eternity. Prayers offered at this time are most powerful because The Trinity is powerfully present with us – made one in the Holy Spirit, we pray to the Father in the very presence of His Son on the altar! *Want to know more?
